Wastewater Collections Technician Job Description

Reports To: Wastewater Collections System Supervisor
Department: Wastewater Collections

Classification: Non-Exempt
Pay Range: $17.64 - $29.12 Hourly

Position Summary

The Wastewater Collections Technician is responsible for the installation, maintenance, and repair of wastewater and reclaim lines and associated equipment, including lift station pumps. This role involves operating light and heavy equipment, troubleshooting system issues, and performing physically demanding tasks in various environmental conditions to ensure the functionality of the wastewater and reclaim systems.

Essential Duties and Responsibilities

The following duties are representative of the functions performed in this classification. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the role.

- Install, maintain, repair, and locate wastewater and reclaim lines.
- Perform maintenance and installation of fire hydrants, valves, and appurtenances.
- Maintain and repair lift station pumps and equipment as needed.
- Perform service connections and disconnections.
- Maintain the facility and grounds at lift station sites.
- Effectively troubleshoot and resolve issues related to wastewater, reclaim lines, and related systems.
- Operate and perform basic maintenance on hand tools and both light and heavy equipment as needed.
- Perform related duties as directed.

*Required to be scheduled for on-call duty on a routine basis

Knowledge, Skills, and Abilities

Technical Skills

- Knowledge of residential and commercial pipe systems.
- Familiarity with local geography and street locations to support operational efficiency.
- Ability to perform rapid, accurate mathematical calculations related to daily tasks.

Communication and Interpersonal Skills

- Strong verbal and written communication skills.
- Build and maintain professional relationships with associates and interact with employees at all levels.
- Communicate with customers in a polite, respectful, and professional manner, serving as a positive representative of the company and reinforcing commitment to quality service.

Wastewater Collections Technician Job Description

Professional Traits

- High level of integrity, responsibility, and reliability in meeting deadlines and fulfilling commitments.
- Commitment to maintaining safety standards and professional conduct.

Education and Experience

- High school diploma or GED.

Licenses, Certifications, or Registrations

- Valid Driver's License (must meet insurability requirements of company insurance provider).
- State of Florida Class A Commercial Driver's License or the ability to obtain one after six (6) months.

Physical Requirements

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions of the job.

- Must have manual dexterity to operate equipment.
- Requires the ability to use close and distant vision, adjust focus, and perceive information at normal spoken word levels.
- Requires the ability to distinguish shades of color.
- Physically demanding tasks may include standing, walking, lifting, pulling, bending, stooping, crouching, reaching, crawling, climbing, and repetitive motions.
- Moderate to heavy lifting is required (up to 50 pounds).
- Exposure to disagreeable environmental factors, such as outside weather conditions, dampness/humidity, heat and cold, noisy and dusty conditions, odors, heights, and working with moving objects and vehicles.
